

The best California pricing on Cisco products*

The Monterey County of Education, through its CalSAVE program, has entered into a competitive bid for all Cisco equipment. There are

no membership fees and you can piggyback on this contract without any backend fees commonly associated with CMAS!

Purpose:

The purpose of CalSAVE is to provide school districts and other government entities opportunities for greater efficiency and economy in acquiring goods and services.

- Take advantage of state-of-the-art purchasing procedures to ensure competitive contracts
- Leverage the statewide buying power of California schools
- Equalize purchasing power for smaller entities that are not able to command the best contracts for themselves
- Maintain credibility and confidence in business procedures by maintaining open competition for purchases and by complying with purchasing laws and ethical business practices
- Assist entities in maintaining the essential controls for budget and accounting purposes

PURCHASE ORDERS:

Purchase orders should be made out to Quest. All POs must reference "Per CalSAVE contract". Please fax (831-784-4167) or mail POs directly to the CalSAVE office (PO Box 80851, Salinas, CA 93901). All POs received before 3:00PM, will be logged and forwarded to Quest on the same date received. Those received after 3:00PM will be sent to Quest on the next business day. Quest will invoice you directly. Payment should also be made directly to Quest.

The CalSAVE program is available for use by all public and private schools, colleges, universities, cities, counties, and other government entities in the State of California. While participation in CalSAVE is not required of government entities, participation can provide the legally required competition for contracts for commonly purchased items, thereby avoiding the competitive bid process.
